

**GPhC standards 2.4, 2.5 and 3.4**

mean that in their words: "If you do not supply Emergency Hormonal Contraception (EHC)... ...women should be referred to an **alternative appropriate source of supply available within the time limits for EHC to be effective.**"

—GPhC September 2010

---

If this doesn't happen I'll make a complaint to the GPC (020 3365 3603) which will lead to an investigation.
